TARGETED PROGRAMS FOR GENDER EQUITY

Protect and Expand Reproductive Health Care Access: To ensure that women are able to re-enter the workforce, sustain employment, and advance in their careers, access to the full range of reproductive health care options is critical. There is a need to codify the tenets of *Roe v. Wade* at the federal level, rescind the domestic “gag rule,” fully fund Title X, and repeal the Hyde Amendment.

Accelerate the Closing of the Pay Gap: Pass legislation at the federal and state levels that aims to reduce pay inequity for all women across all sectors and industries such as the Paycheck Fairness Act, and remove the restrictions on workers' rights to bargain collectively over their wages and conditions.
