METHODOLOGY

This poll was conducted between March 31-April 7, 2023 among a sample of 501 Parents and 500 Students. The interviews were conducted online. Results from the full survey have a margin of error of plus or minus 4 percentage points.

DEFINITIONS

Parents: Parents of prospective and current college and grad students who live in the Northeast of the U.S.

Students: Prospective and current college and grad students who live in the Northeast of the U.S.

States polled include CT, MA, ME, NH, VT, NJ, NY, PA, RI.
KEY FINDINGS

1. **Students prefer to attend school in a state where abortion is legal and accessible.**
   - Three-fourths of students (76%) prefer to attend school in a state where abortion is legal and accessible, and all parents who contribute financially to their children’s education say the same (100%).

2. **A majority of parents and students do not want to support or put their money into a state that bans abortion.**
   - Among the two-thirds of parents who want their children to attend school in a state where abortion is legal and accessible, most strongly or somewhat agree they do not want to support a state government that bans abortion (75%) nor put money into a state that bans abortion (77%).
   - Five out of six students who want to attend school in a state where abortion is legal and accessible agree they do not want to be without access to abortion (84%), including students who are considering or attending out-of-state colleges and universities (85%).

3. **Most parents and students say access to reproductive healthcare is important when deciding where to attend college and university.**
   - A majority of students (63%) and parents (52%) find access to reproductive healthcare is extremely or somewhat important when thinking of the decision of where to attend college or university.
   - This includes 53% of parents who are contributing financially and 55% of students who are considering or attending college out of state.

4. **Parents and students are concerned about the future of access to reproductive healthcare in the United States.**
   - A majority of parents (78%) and students (85%) show concern about the future of access to reproductive healthcare in the United States, with more than half of students indicating they are very concerned (56%).
Three-fourths of students (76%) prefer to attend school in a state where abortion is legal and accessible, and 100% of parents who contribute financially to their children’s education say the same.

Which of the following would you prefer your child to attend school in? (n=501)

**Parents (n=501)**
- A state where abortion is legal and accessible: 48%
- A state where abortion is illegal and/or inaccessible: 25%
- Don't know/No opinion: 27%

**Students (n=500)**
- A state where abortion is legal and accessible: 76%
- A state where abortion is illegal and/or inaccessible: 8%
- Don't know/No opinion: 16%
Five out of six students *agree* they do not want to be without access to abortion (84%), including a majority of students who are considering or attending out-of-state colleges and universities (85%).

**Parents Broken Out by Financial Contribution to Child’s College Education**

Are you contributing financially to your child’s college education?

- Yes: 73%
- No: 20%
- Prefer not to say: 7%

Thinking of the decision of where your child attends a college or university, how much do you consider, if at all, social policies (i.e. voting rights, paid family and medical leave, abortion access, etc.) in the state where the school is located?

- Contributing Financially:
  - A lot: 38%
  - Some: 40%
  - Don't know/no opinion: 15%
  - Not much: 19%
  - Not at all: 14%
  - Total: 78%

- Not Contributing Financially:
  - A lot: 19%
  - Some: 43%
  - Don't know/no opinion: 8%
  - Not much: 16%
  - Not at all: 14%
  - Total: 62%

Which of the following would you prefer your child to attend school in?

- Contributing Financially:
  - A state where abortion is legal and accessible: 100%

- Not Contributing Financially:
  - A state where abortion is legal and accessible: 48%
  - Other: 31%
  - Prefer not to say: 21%

*Parents Contributing Financially N=242; Parents Not Contributing Financially N=133
Most parents (79%) and students (80%) are either very or somewhat familiar with legislation about reproductive healthcare in the state where they attend college.

How familiar are you with the laws around access to reproductive health care, including abortion, in the state you/your child will/currently goes to college in?

**Parents (n=501)**

- Very familiar: 40%
- Somewhat familiar: 39%
- Somewhat unfamiliar: 9%
- Very unfamiliar: 7%
- Don't know/no opinion: 5%

**Students (n=500)**

- Very familiar: 34%
- Somewhat familiar: 46%
- Somewhat unfamiliar: 12%
- Very unfamiliar: 5%
- Don't know/no opinion: 3%

76% of out-of-state students (n=205) are familiar with legislation about reproductive healthcare in the state where their child/they attend/s college.
